SUPPLEMENTAL DETAILED ACTION

Base on the letter filed on May 10, 2006, the following is the corrected reason for the allowance.

Allowable Subject Matter

1. Claims 2-8 are allowed.
2. The following is an examiner's statement of reasons for allowance: regarding claims 2, 4 and 8, the primary reason for the allowance is due to an anisotropically conductive connector comprising, in combination with other limitations, wherein the elastic anisotropically conductive film has initial properties that supposing that the total number of the conductive parts for connection is Y, an electric resistance of the conductive part for connection in a state that a load of Y x 1 g has been applied to the elastic anisotropically conductive film in a thickness-wise direction thereof is R1g, and an electric resistance of the conductive part for connection in a state that a load of Y x 6 g has been applied to the elastic anisotropically conductive film in the thickness-wise direction is R6g, the number of conductive parts for connection that a value of R1g is lower than 1 Ω is at least 90% of the total number of the conductive parts for connection, the number of conductive parts for connection that a value of R6g is lower than 0.1 Ω is at least 95% of the total number of the conductive parts for connection, and the number of conductive parts for connection that a value of R6g that is at least 0.5 Ω is at most 1% of the total number of the conductive parts for connection.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
